6. ____ Have another Working Memory strategy that works for you? Bet you can think of several.

7. ____ Add video, photographs, or illustrations that convey your message. All such content must be highly relevant to the subject and approved by a teacher (i.e. avoid celebrity photos and sexually suggestive or violent images). Hint:

Your design will look better if you use easy-to-read-font, similar colors, and complimentary picture sizes.

As you learn new strategies feel free to add them.

You'll finish your Working Memory section with an example assignment from one of your classes, hobbies, or therapeutic assignments.
